LAUNDRY DETERGENTS

CLEANSER ZUM WASHING GEL

3000 ml Color/Universal.

Recommended for all types of washing machines and hand washes.

Removes stains and stubborn dirt even at low temperatures.

Recommended use: 80-240 ml for machine washing for 4-5 kg of laundry, depending on water hardness and soiling, 80 ml for hand washing for 10 litres of water.

Ingredients: <5% anionic surfactant, <5% non-ionic surfactant, <5% amphoteric surfactant, Fragrance, Methylchloroisothiasolinone, Methylisothiasolinone.

BLEACHING, WHITENER

ZUM OXY CHLORINE-FREE BLEACHING & STAIN REMOVING

2000 ml

Chlorine-free bleach and stain remover that removes the most stubborn stains and is gentle on the fabric. The active oxygen formula makes it ideal for both white and coloured garments. Directions for use: pour 100 ml into the dispensing cup and place in the washing machine drum or pour into the washing machine dispenser. Pre-cleaning for heavily soiled fabrics: apply a small amount directly to the stain and wash out after about 10 minutes. Do not allow the bleach to dry on the fabric.

Ingredients: 5-15% oxygen-based bleaching agent, <5% anionic surfactant, <5% amphoteric surfactant, <5% phosphonate, fragrance.

DYMOSEPT WHITE CLORAL WHITE LIGHTENER

1000 ml Flower.

Chlorine bleach for bleaching clothes and removing stains from white clothes. Directions for use. If the washing machine does not have a bleach dispenser, select the pre-wash programme, start the programme and pour 1 dl of detergent through the pre-wash dispenser into the water flow.

Ingredients: <5% chlorine-based bleach, <1% non-ionic surfactant, <1% sodium hydroxide, fragrance.

FABRIC SOFTENER

ZUM TEXTILE RINSE CONCENTRATE

1000 ml Pink/Yellow/Blue

For rinsing textiles after washing. The rinsed garment will be soft to the touch, pleasant smelling and antistatic.

Recommended use: 90 ml for 4-5 kg of laundry for normal washing, 60 ml for 10 l of water for hand washing. Store in a cool, frost-free place.

Ingredients: <5% cationic surfactant, fragrance.

DISHWASHING

ZUM DISHWASHING DETERGENT

1000 ml Seven herbs

Recommended for all hair types. Thanks to its Ingredients, it gently cleanses the hair and nourishes the scalp. Directions for use: Dampen the hair, rub it thoroughly with a sufficient amount of shampoo, then rinse off the foam thoroughly with plenty of water.

Ingredients: Aqua, Sodium Laureth Sulfate, Sodium chloride, Cocamide DEA, Cocamidopropyl Betaine, Parfum, Methylchloroisothiasolinone, Methylisothiasolinone, Citric Acid.

INDUSTRIAL CLEANERS

DY-01 STRONG EFFECT WATER SCALE CONCENTRATE

1000 ml, 5000 ml

For swimming pools, showers, bathtubs, toilets and acid resistant surfaces, ideal for the control of scale. High and fast acting, fragrant, economical. Dosage: For heavy water scale deposits, a dilution of 10-20% is recommended (1-2 l concentrate per 10 litres of water). For light deposits, a dilution of 1-5% is recommended for regular surface cleaning (0.1-0.5 l per 10 litres of water).

Ingredients: phosphoric acid 30-32%, <5% Alcohols, C12-15, ethoxylated surfactant, Parfum, D-Limonene.

DY-02 CARPET AND UPHOLSTERY CLEANING CONCENTRATE

5000 ml

Suitable for manual and mechanical carpet and upholstery cleaning. Dosage. In case of normal contamination or maintenance manual cleaning: 10-20 ml/1 l of water. For heavy soiling or spot cleaning: 20-30 ml/1 l of water. For normal soiling or maintenance machine cleaning: 25-50 ml/10 l of water. For heavy soiling or machine cleaning: 50-70 ml/10 l water. At the end of the cleaning operation, the cleaned surface should be allowed to dry and then vacuumed after drying.

Ingredients: 5-15% Sodium Laureth-6 Carboxylate surfactant, Parfum (Citronellol, Butylphenol Methylpropional, Benzyl salicylate), Methylchloroisothiasolinone, Methylisothiasolinone.

DY-03 LIGHT HOLDER CLEANER CONCENTRATE

1000 ml, 5000 ml

For all water-resistant surfaces: e.g. tables, cupboards, doors, glass and floor surfaces, as well as ceramics, tiles and enamel for streak-free and stain-free cleaning. Dosage: depending on the strength of the stain, at a dilution of 0.5-1% (50-100 ml/10 litres of water) for mopping or wet wiping.

Ingredients: 5-15% isopropyl alcohol, <5% Sodium Laureth Sulfate surfactant, <5% Alcohols, C12-15, ethoxylated surfactant, Parfum, Methylchloroisothiasolinone, Methylisothiasolinone.

DY-05 DISHWASHING DETERGENT CONCENTRATE

5000 ml

Higher concentration of active ingredient, drip-drying, pH neutral. Dosage: 5 ml of detergent per 5 litres of water.

Ingredients: 5-15% Sodium Laureth Sulfate surfactant, <5% Alcohols, C12-15, ethoxilated surfactant, Sodium Benzoate, Parfum (D-Limonene).

DY-06 FOAM SOAP

5000 ml

Gently cleanses and gently conditions the skin, skin-friendly pH. Recommended for all skin types. Very economical to use. Recommended for refillers and dispensers.

Ingredients: Sodium laureth sulphate, PEG-4 Rapeseedamide, Cocamidopropyl Betain, Glycerin, Polisorbate 20, Sodium Chloride, Parfum, Methylchloroisothiasolinone, Methylisothiasolinone.

DY-07 SAVE COST LIQUID SOAP

1000 ml, 5000 ml

Excellent cleansing action, skin-friendly pH, recommended for all skin types.

Recommended for refills, dispensers.

Ingredients: Aqua, Sodium laureth sulphate, Cocamidopropyl Betain, Sodium Chloride, Parfum, Methylchloroisothiasolinone, Methylisothiasolinone.

DY-09 ANTI-SLIP CLEAN

5000 ml

For cleaning heavy duty, greasy walking surfaces in restaurants and kitchens. It also eliminates the risk of slipping on surfaces. Dosage. For cleaning large walking surfaces (floor, tile, PVC, cast resin), use diluted: for 5 liters of water 4 caps (60 ml). For removing stubborn dirt, apply the product without dilution to the surface to be cleaned or to a sponge, wipe over and rinse or wash the surface.

Ingredients: <5% Sodium Laureth Sulfate felületaktív anyag, <5% Alcohols, C12-15, ethoxilated felületaktív anyag, <5% acrylpolimer, Parfum (Linalool, Geraniol, Carbaldehyde), Methylchloro- isothiasolinone, Methylisothiasolinone.

DY-10 HIGH POWER MECHANICAL FLOOR CLEANER

1000 ml, 5000 ml

High power mechanical and manual cleaner for walking surfaces (tile, wood, laminate, resin floors). Recommendations for use: use diluted. For 5 litres of water 60 ml DY-10. Undust the surface before cleaning.

Ingredients: <5% Sodium Laureth Sulfate surfactant, <5% Alcohols, C12-15, ethoxylated surfactant, parfum, (Amyl Cinnamal, Citronellol, Geraniol, Hexylcinnamalaldehyde), Methylchloroisothiazolinone, Methylisothiazolinone.

DY-11 HIGH PERFORMANCE SANITARY CLEANER

1000 ml, 5000 ml

For high performance removal of scale and soap deposits from sanitary ware, bathroom surfaces, shower enclosures. Suitable for refilling the Zum bathroom cleaner with 500 ml foaming spray nozzle. Allow to act for a few minutes before wiping off with a damp cloth or rinsing with plenty of water.

Ingredients: <5% Alcohols, C12-15, ethoxilated surfactant, <5% Acetic acide, <5% Citric acide, Parfum (D-Limonene, Linalool).

DY-13 TOILET OIL

1000 ml

Keeps the toilet clean, perfumes the room. Dosage: Spray toilet oil into the cup by 2-3 pumps.

Ingredients: <30% IPA, <10% Parfum (Linalool, Hexyl cinnamal), <10% non-ionic surfactant.

DY-14 ALKALINE CLEANER

5000 ml

Alkaline detergent that removes greasy dirt from surfaces. Suitable for both manual and mechanical use. Use in a cold or warm water solution, mixed at a rate of 3-5% (3-5 dl of detergent to 10 l of water). Rinse off from the surface after use.

Ingredients: 5-15% potassium hydroxide, <5% EDTA Na₄, <5% anionic surfactant, <5% non-ionic surfactant.

DY-15 LIQUID DISHWASHER DETERGENT

1000 ml, 5000 ml

Efficiently and quickly removes grease, food residues and scale from pre-cleaned dishes, plates, china and cutlery. Add 20 ml to the dishwasher tank, or 30 ml for very dirty dishes or dishes with food residues on them, following the dishwasher manufacturer's recommendation. For greater efficiency and shine, use with dishwashing detergent.

Ingredients: 5-10% non-ionic surfactant, <5% anionic surfactant, Perfume, Preservative (CIT/MIT).
